Dear

I am writing to you during the World Week for Peace in Palestine and Israel to express my concern at the situation in the occupied Palestinian territories.

This year marks 100 years since the Balfour declaration, 50 years of Israeli occupation of the Palestinian territories and 10 years of the Gaza blockade. Diplomatic and international pressure has done little to persuade Israel to end its occupation and allow Palestinians freedom and self-determination. The result of this is a deepening poverty and despair amongst Palestinians and a lack of security for all people living in the Holy land. An entire generation has grown up knowing nothing but occupation, which can only be harmful to both sides.

I would like to know what your party is doing to protect the rights of those who are denied their basic freedoms and encourage fresh peace negotiations. Also, how is your party safeguarding the lives of the diminishing numbers of Palestinian Christians living in the West Bank and Gaza?

I look forward to your reply.
