

Climate Justice

Think of a place that means a lot to you. What would you do if something were damaging it?

In 2020, a group of young people called the Pacific Climate Warriors won the Pax Christi International Peace Prize. They work to highlight the damage climate change does to their homes and to challenge the fossil fuel industry.

You can read more about them here:

<https://paxchristi.net/2020/11/05/pacific-climate-warriors-win-2020-pax-christi-international-peace-prize/>

Pope Francis says, 'The urgent challenge to protect our common home includes a concern to bring the whole human family together to seek a sustainable and integral development, for we know that things can change.'

(Laudato Si' #13)

What examples of climate change or damage to the environment can you see where you live?

Make a list of things you could do to raise awareness or challenge it in some way.

Act: Put one of the ideas in your list into action.

Pray: Pray for climate justice, creation and those who work to protect it, including the Pacific Climate Warriors.
