What surprised you? How did it make you feel?

In *Laudato Si'* Pope Francis says that "access to safe drinkable water is a basic and universal human right, since it is essential to human survival and, as such, is a condition for the exercise of other human rights."

Why do you think a peace movement is campaigning about the right to water?

Act: How can you share what you have learnt with others?

How can you show your support for people affected? You could contact Pax Christi England and Wales for more information.

Research other stories about access to water and mining. You could look at the work of Pax Christi International and the communities they work with.

Pray: Pray for those affected that they may achieve access to water and protection for their land and wellbeing.
